APPLICATION # 10047885

FILING DATE: 1/17/02

TITLE OF INVENTION: THE "EXTENDO" HANGER

PETITION TO WITHDRAW HOLDING OF ABANDONMENT

I request to be withdrawn from the holding of abandonment, as I never received any letter of indication from the USPTO that my application was incomplete as per Mr. Paul Shapiro in the Inventors Assistance Dept. 12/21/04, and yet the current status is abandoned as an incomplete application during the pre-exam phase as of 1/15/2004. Your immediate response, in correcting this status, and any additional paperwork needed by me to complete this application properly is appreciated.

Thank you,  
Eileen S. Schaller
